## Message From Our Executive Director - Tom Karnes

The crocuses are up, the daffodils are about to blossom, and the tulip plants are at half-height! Spring is such a wonderful time of year. Our world is renewing, giving us hope for a warmer, brighter tomorrow.

Around this time every year, we take the opportunity to celebrate our employees. On the occasion of Employee Appreciation Day (March 3rd), I would like to thank all of our staff for being the pride and joy of this community. We are the best at what we do because we have the best employees. Thank you to all for your dedication and hard work!

Best Regards,  
Tom Karnes

### Take More Chances. Dance More Dances!

We loved ballroom dancing with Michael Winward and his friend Sierra! They taught us various ballroom styles with some fun upbeat music. We ended this dance session with a great dance party!

### Love Is in the Air!

Our residents had a great time at our Valentine's Day Party! We talked about Saint Valentine, residents shared stories of their first love, and we had some delicious red velvet cupcakes and chocolate covered strawberries straight from our very own kitchen!

## Beechwood Neighborhood!

Our residents have been busy playing and enjoying Bingo for prizes. They also love their weekly canvas painting class and love showcasing their artwork for the camera.

## Memorable Melody: 'When Irish Eyes Are Smiling'

This beloved musical tribute to the Emerald Isle was written by three Americans in 1912, at a time when Irish ballads were enormously popular in the U.S. Chauncey Olcott, George Graff Jr. and Ernest Ball wrote the song for the Broadway play "The Isle O' Dreams," and its lighthearted lyrics and catchy melody appealed to audiences. Along with becoming a St. Patrick's Day standard, the tune has been featured in dozens of Irish-themed films and TV shows.

## Puppy Dog Eyes

National Puppy Day, March 23, celebrates the irresistible charm of puppies. Scientists have recently discovered that the mournful expression affectionately called "puppy dog eyes" is a trait that domesticated dogs developed over generations in order to communicate with people. Unlike their close relative the wolf, dogs have facial muscles that enable them to raise their eyebrows, which triggers a nurturing emotion in humans.

## A Message From the Board

### GOOD FRIENDS MAKE GREAT NEIGHBORS: RESIDENT REFERRAL PROGRAM

Imagine how nice it would be to have some of your friends living here with you at Providence House. I am sure you have already mentioned to friends how happy you are here in your new home! A personal referral is the best and most effective way to promote and advertise Providence House. Providence House residents will receive \$3000 as a thank-you for each referral made resulting in a signed residency agreement. Please see D'Evereux Fondren if you have any questions.
