National Pizza Month began in October 1984 and was created by the publisher of Pizza Today magazine and pizzeria owner, Gerry Durnell. He chose October because it's the month the first issue of his magazine debuted. He lived in a small town called Santa Claus, Indiana, and realized there was nothing to support his growing pizza business, or the pizza industry in general. Since he created a pizza-themed magazine, as well as started an official month to celebrate this wonderful food, we thank him from the bottom of our stomachs!

Message From Our Engagement Director

Welcome, Fall

To all of our wonderful Providence House Staff, Residents, Families, and Friends:

As we prepare to welcome the beautiful fall season, we are looking forward to a time filled with changing leaves, cozy moments, community, and togetherness.

October is also **Breast Cancer Awareness Month**, a meaningful time to honor those who have been affected by breast cancer, celebrate survivors, remember those we have lost, and show our support for everyone continuing their journey. Let's come together to spread awareness, hope, strength, and love.

And, of course, **Halloween** is just around the corner! We look forward to celebrating with fun, laughter, creativity, and plenty of community spirit. Whether it's decorating, dressing up, enjoying treats, or simply sharing a smile, there are so many ways to make this season special.

Here's to a wonderful fall filled with **awareness, kindness, laughter, and togetherness**. Thank you to our staff, residents, families, and friends for making Providence a caring and welcoming community.

Happy Fall, everyone!
Think Pink. Spread Hope.
And let's have some Halloween fun!
